EXPERIENCE

Aurnima Technology, Noida— *(java developer)*

AUG 2024 – Present
Project – Medical Application

Developed and maintained backend services for a **Health Management Web Application** enabling patients to connect with doctors and laboratories, book appointments, schedule home sample collections, and access role-based dashboards (**Doctor, Lab, Admin, Patient**). Implemented backend features such as **patient registration, appointment scheduling, OPD billing, laboratory workflows, online prescriptions, and doctor availability management**. Built scalable **RESTful APIs** using **Java, Spring Boot, and Hibernate**, with strong implementation of **business logic, validations, and centralized exception handling**. Deployed applications on **AWS**, containerized services using **Docker**, managed deployments on **Kubernetes**, and collaborated with **frontend (Angular), QA, and DevOps teams** in an **Agile/Scrum environment**, handling requirement discussions, client demonstrations, CI/CD pipelines using **Jenkins**, and version control with **Git**.

Pratikshat Solution LLP, Delhi — *Java developer*

July 2022 – Apr 2023
Project -CRM

Worked on a **CRM system** focused on **customer and lead management**, developing backend modules for **customer records, follow-ups, and sales tracking.** Assisted in building **RESTful APIs and backend business logic** using Java and Spring, and wrote **SQL queries** for **efficient data retrieval and reporting**. **Fixed bugs** and **supported senior developers** in feature development, ensuring **application stability and performance**. Integrated the **Angular frontend** with **backend APIs**, enabling **smooth data flow** and an **improved user experience**. **Deployed applications on AWS**, **handling application setup and updates**, and collaborated with the team to ensure reliable and scalable deployments.

SKILLS

Java, Spring Boot,

Microservices,

RESTful APIs,

Hibernate/JPA,

Mysql, Postgresql,

Maven, Git

AWS (EC2, ECS, S3 And RDS)

CI/CD (pipeline)

Docker, Jekins

Apache Tomcat

Angular (API

Integration)

Typescript

EDUCATION

IGNOU—
Bachelor of Computer Applications **(BCA)**

S.S. Khalsa Sr. Sec School, Delhi, — XIIth

Govt Boys Sr. Sec School, Delhi — Xth

CERTIFICATE

NIIT

GNIIT (Software Engineering)

DUCAT

Java Training (Core + Advanced)
